Dear Councilwoman Judy Green:

In accordance with the above-referenced complaints and the resulting findings, and on behalf of the Louisville Metro Ethics Commission and the authority bestowed upon it by Ordinance 52, Series 2010, this letter hereby publically reprimands and censures you for your conduct associated with "The Green Clean Team" summer jobs program and your involvement in securing grant funds through an organization known as 100 Black Men.

As is detailed in the Findings of Fact and Conclusions of Law associated with the above-referenced complaints, your behavior fell below the acceptable standards of a Metro Officer and brought discredit upon yourself, and the Metro Council, by virtue of your association with that body. Moreover, your actions caused our citizens to question the confidence they have in local government and its officials.

Respectfully,

Jonathan S. Ricketts
Chair
Louisville Metro Ethics Commission
